You may only apply for residence homestead on one property in a tax year. A homestead may include up to 20 acres of land you actually use in the residential use (occupancy) of your home.

To qualify for a homestead exemption, you must own and reside in your home on January 1 of the tax year. The age 65 or older or disability exemption for school taxes includes a school tax limitation or ceiling. Some taxing units such as county and cities have exemptions and tax ceilings limits. The filing of this application is between January 1 and April 30. You may file a late homestead exemption if you file it no later than one year after the date taxes become delinquent. There is also a Transfer of Tax Limitation or Ceiling Certificate if you move out of the county. This can transfer to the new county in which you reside.

Menard CAD's average collection rate is 96%. We work with our taxpayers to maximize the collections for the entities. For delinquent taxes, the district offers a plan that taxpayers may

make monthly payments. The District offers a plan that allows property owners to pay monthly payments for the upcoming year and this money is placed in an escrow account and held until the year's taxes become due, as long as the first payment is made prior to January 1. Payments may also be submitted by debit or credit cards.

AGRICULTURAL 1-D-1 OPEN SPACE AND WILDLIFE MANAGEMENT

Senate Bill 771 addresses the temporary recession of agricultural use during the drought. Qualified open-space land does not become ineligible for the special appraisal when a drought is declared by the Governor. The Chief Appraiser will stay apprised on the Governor's declarations. We will work with our farmers and ranchers during the drought.

PROPERTY VALUE STUDY

The property value study is conducted by the State Comptroller's Office to estimate the taxable property value in each school district and to measure the performance of appraisal districts. The PVS is conducted for the Menard ISD in even-numbered years. The last PVS performed was in 2024. If the appraisal district is within a 5% margin of error, the State Comptroller will certify the local value to the Commissioner of Education. The findings of the study are used in the school funding formula for state aid.

Menard CAD did not receive local value for Menard ISD.
